EDUCATION

Guru Nanak Dev Engineering College

Bachelor of Technology in Information Technology

Ludhiana, Punjab

Sep. 2022 – May 2026

EXPERIENCE

Full Stack Developer Intern

Remote

Prof. Prabhat Barnwal (Michigan State University)

Apr. 2025 – Present

- Led development of Peer Knowledge Exchange Platform serving Punjab government officers, improving platform speed and accessibility score 📈 [pkep](#)
- Launched "Sewa Assist" WhatsApp chatbot that reduced officer response time, enabling instant access to program resources
- Implemented AI-powered on-site chatbot that decreased support tickets and increased self-service resolution rate
- Architected scalable infrastructure using TypeScript/Next.js frontend and Node.js/Express backend

Freelance Web Developer

Remote

Self-Employed

Jan. 2024 – Present

- Increased Ankkor e-commerce revenue by 45% through Next.js/TypeScript platform with Redis-powered inventory system serving 2000+ monthly customers 📈 [ankkor.in](#)
- Boosted D2 Global Immigration client conversion via MERN stack platform, reducing onboarding time 📈 [d2global.in](#)
- Scaled Initiators of Change NGO impact through a MERN stack platform managing volunteers and donations annually 📈 [initiatorsofchange.com](#)

PROJECTS

OOTD 📈 OOTD | AI Powered Fashion Stylist Platform

July 2025

- Built comprehensive AI-powered fashion platform using Next.js 15, Google Gemini Vision API, and Supabase, featuring advanced outfit analysis with numerical style scoring (1-10) and culturally-aware recommendations
- Integrated multiple AI services (Hugging Face, Pollinations.ai) with automatic fallback systems for reliable image generation, professional Cloudinary image management, and secure Clerk authentication with social logins

Homely 📈 Homely | Full-Stack Food Delivery Platform

June 2025

- Engineered a comprehensive home cooked food delivery marketplace connecting customers with home chefs using Next.js, Express and MongoDB, reducing order processing time by 35%
- Implemented AI-powered nutrition analysis using Google's Gemini API for personalized dietary recommendations and developed role-based architecture with secure authentication for customers and sellers

CERTIFICATIONS

CS50's Introduction to Computer Science

December 2023

Harvard University (edX)

- Gained strong foundation in computer science, mastering algorithms, data structures, and web development

CS50's Introduction to Artificial Intelligence

January 2025

Harvard University (edX)

- Mastered AI concepts including knowledge representation, neural networks, and machine learning models
